

MAJOR VEHICLE MAINTENANCE CONTRACT GAINED

A major contract to maintain the expanding vehicle fleet for Plymouth Community Homes has been won by the Plymouth Citybus owned Car and Commercial division. Tony Preece, Fleet Supervisor for Plymouth Community Homes met Car and Commercial's Manager Neal Borbon to over see the first of the fleet of 156 vans into the workshops where MOTs, scheduled servicing, maintenance and repairs are provided for a variety of commercial and government agencies.

“We are delighted to welcome Tony Preece and his team to our facility that is dedicated to efficient and thorough vehicle servicing,” said Neal Borbon who manages a team of 17 full time staff members at the company founded in 1988.

Out of hours maintenance has become a major contributor of the success of the company that can offer testing on vehicles up to class 7 yet operates independently from the bus company.
